## EDUCATION

---

<b>Netaji Subhas University of Technology</b> <i>B.Tech (Electronics &amp; Communication Eng. with IOT)</i>	7.67 Dec2020 – Present
<b>Govt. Boys Sr. Sec. School No-3, Delhi</b> <i>CBSE (Class XII)</i>	87% Apr. 2019
<b>Govt. Boys Sr. Sec. School No-3, Delhi</b> <i>CBSE (Class X)</i>	CGPA: 8.0 Apr. 2017

## INTERNSHIP

---

### Frontend Developer Intern | SincGrid LLP

- Developed & implemented frontend components using React, resulting in **responsive user interface**.
- Achieved an improvement in **website performance** through code optimization, including **60+ image compressions** and **code minifications**.
- Actively engaged in **12+ code review sessions**, which delivered enhancement in code quality and **30-40% reduction** in line of code

### Teaching Assistant | Coding Ninjas

- Took doubt sessions and resolved **more than 800+ doubts** with an **average rating of 4.8**
- Provided **35+ code debug and review sessions**, resulting in improved code quality and a reduction in **code length by 25-40%**.

## PROJECT'S

---

### ShopNearby | MERN STACK

- As a key contributor in a team of three, I played a pivotal role in developing an e-commerce app. My focus centered on **creating components** and styling with **Tailwind CSS**, leading to a substantial 40% reduction in code length.
- Revamped UI with React and Tailwind CSS, resulting in a 50% reduction in page load time and a 20% increase in user retention

### FindBest | Web-Scraping

- Implemented **Automated Data Retrieval** using **Cheerio** and **Puppeteer**, eliminating manual research and saving **70%** of time to boost productivity.
- Implemented **Efficient Data Extraction** for diverse categories, seamlessly acquiring product details, prices, and valuable information from **3 websites simultaneously**.

### MoviesNow | Latest Movie Showcase

- Developed a Dynamic website showcasing the latest movie releases using TheMovieDB API, increasing user engagement by 40%.
- Implemented fully **Responsive Design** using modern frontend technologies, ensuring optimal user experience across all 3 device types ( Mobile's, Tablet's, and Laptop's ).

## ACHIEVEMENTS & AWARDS

---

- Leetcode : 1000+ Questions** with highest rating **1875** & among Top **4.90% globally (15k)**.
- Secured **Knight Badge** and **Global rank of 784** Leetcode Biweekly Contest 111 among 30k participants.
- HacktoberFest2022** : Actively participated as a Contributor, completing 14+ pull requests and winning (T-shirt + Badges).
- Hackerrank** : **Gold level 5 stars** in C++ and Verified Skills certificates for **Problem Solving (Basic and Intermediate)**

## TECHNICAL SKILLS

---

- Languages:** C++, C, Python (Basics), JavaScript (ES6, Intermediate) & R (Basics).
- Frameworks:** React, Tailwind CSS, BOOTSTRAP & Material-UI
- Web Development Technologies and Tools:** HTML, CSS, JavaScript, Git, GitHub ,VS Code.
- Backend Development Technologies:** MongoDB, Express & Node.
- Other Technical Skills:** Data Structures & Algorithms, OOP's, C++ STL.
